### **PRESENT POSITION**

- Founder, Wortzman Nickle Professional Corporation
- Member, Law Society of Upper Canada

### **AREAS OF PRACTICE**

Formerly a litigation partner with one of Canada's leading litigation law firms, now focusing on providing legal advice related to e-discovery, document and litigation management.

Widely published on issue relating to electronic discovery and the impact of electronic evidence on the litigation process. Involved both nationally and internationally in drafting guidelines to assist with the development of best practices and standards with respect to electronic evidence.

Extensive experience with litigation support technology. Manages complex commercial litigation, including class actions on behalf of multinational corporations. Has designed and implemented systems for the management of millions of documents through the use of cutting edge technology. Works extensively with lawyers and in-house counsel in Canada, the United States and Europe.

### **EDUCATION**

- Admitted to the Ontario Bar (1992)
- Bachelor of Laws - University of Manitoba (1990)
- Bachelor of Arts (History) - University of Manitoba (1986)

### **PROFESSIONAL AFFILIATIONS**

- Chair, The Sedona Conference - Canada
- Member, Editorial and Steering Committees, The Sedona Conference - Canada
- Member, Task Force on the Discovery Process in Ontario
- Member, E-Discovery Subcommittee
- University of Manitoba Alumni Association
- Canadian Bar Association - Ontario
- Metropolitan Toronto Lawyers Association
- The Advocates' Society
- Member, The Sedona Conference
- Member, Technology Committee, Civil Justice Reform Project Summary Report
